

CONNECTING CLASSROOMS PLATFORM INSTRUCTIONS FOR STUDENTS

Forum Language Experience & Prometour have created its new online platform for the Connecting Classrooms project, where teachers and students can upload and share videos submitted by their students with their partner school.

These instructions will help you navigate the platform.

1. If you haven't registered yet after filling out the Student Media Release Forms with your parent, please use the **registration link provided by your teacher.**
2. Register and create a password.

3. Once you are registered, you will be redirected to the page below.

- Now use the Public Connecting Classrooms URL provided by your teacher to upload, view and comment videos.

- Click on the “upload your video” button at the bottom of the page.
- Upload your video, chose the right activity folder, add a title and your name.
- If you want to comment your partner school’ s video, click on the video and comment. Your teachers will have to approve the comments first before they become available.
